TERMS AND CONDITIONS

GENERAL

By downloading the Kalora WiFi App, you agree to be bound by these Terms & Conditions. These Terms & Conditions should be read in conjunction with both the Installation Manual and the Wi-Fi Installation and Operation Manual. Kalora may make updates to the app, please ensure you download all relevant App updates so you understand your obligations under these Terms & Conditions.

THE AUSTRALIAN CONSUMER LAW

Our goods come with guarantees that cannot be excluded under the ACL. You are entitled to a replacement or refund for a major failure and compensation for any other reasonably foreseeable loss or damage. You are also entitled to have the goods repaired or replaced if the goods fail to be of acceptable quality and the failure does not amount to a major failure.

APP USAGE

You, as the consumer are responsible for any costs experienced in accessing, downloading and using this App. This includes but is not limited to fees charged by your internet service provider, smartphone or app data access charges.

You must adhere to the instructions in both the Operation and Instruction Manual and the Kalora Wi-Fi Installation and Operation Manual when operating the Electric Fire using the App.

Using the App unlawfully is prohibited.

INTELLECTUAL PROPERTY

You cannot copy, sell, modify, or distribute the App in any way.

DISCLAIMER

Kalora makes no guarantees and excludes any liability or loss in the event the App contains errors, virus, malicious code or any other adverse functions unknown to Kalora as a result of downloading the App.

3.

8. On the Electric Fire touch control panel display, ensure WIFI icon is blinking then confirm on the App. Select "Blink Quickly" then it could take up to 2 minutes for the Smart Device and the Electric Fire to pair.
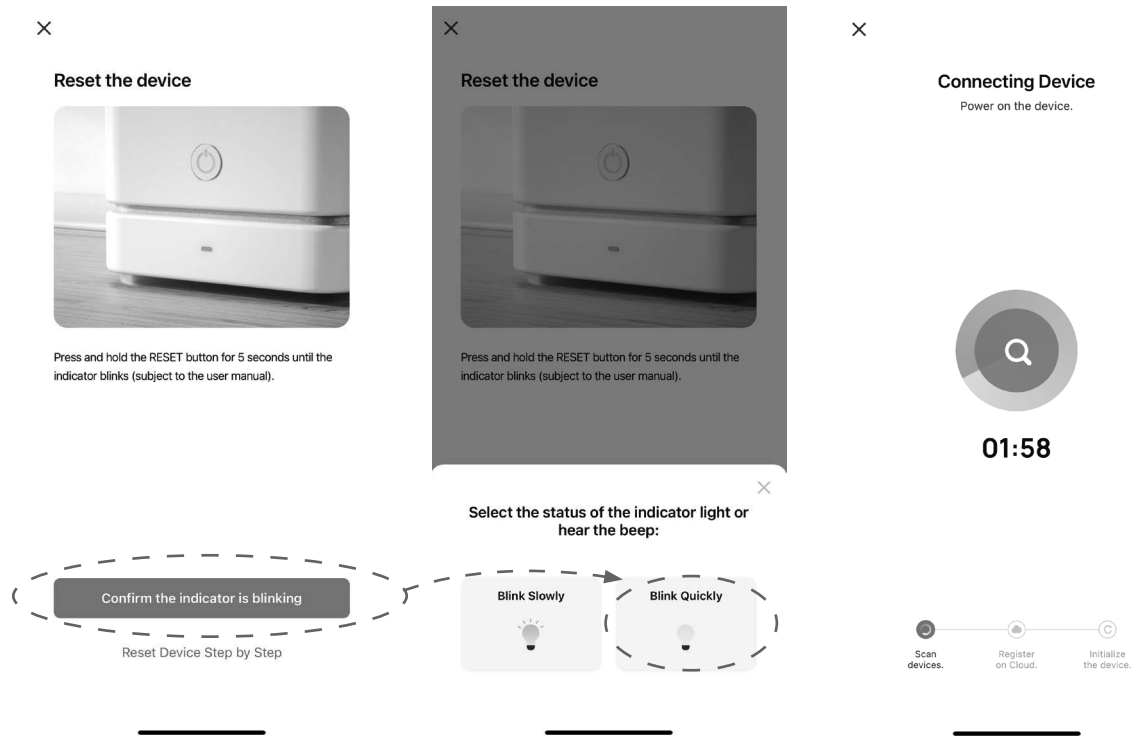

9. Once paired the Electric Fire will appear under "All devices". To operate the Electric Fire select the "Kalora Electric Fireplace" and follow the operation prompts:

4.
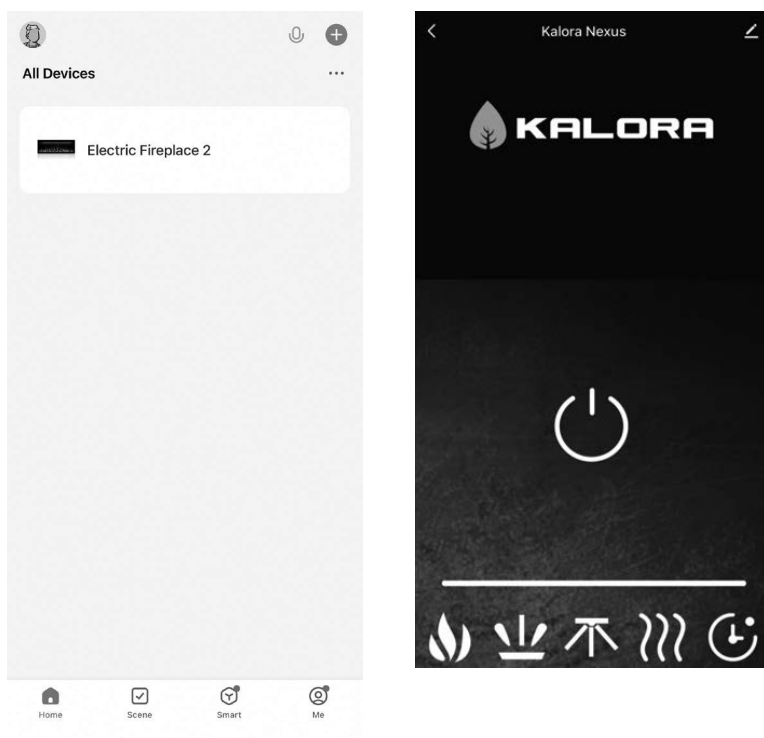

VOICE CONTROL WITH AMAZON ALEXA OR GOOGLE HOME

The Kalora Electric Fire includes smart home connectivity using voice control via either Amazon Alexa or Google Home apps, for on/off control.

CONNECTING TO AMAZON ALEXA:

1. Ensure the Amazon Alexa App and Alexia smart device (e.g Echo Dot, Echo Show etc) are installed and operating. If not follow Amazon's set up guides.

2. In the Amazon Alexia App select "Skills & Games" then search Tuya Smart and select.

3. Under the Tuya Smart Skill select "Enable"

4. You will be redirected to the accounts link page, type in your Tuya Smart account and password, your country/region then select link your Tuya Smart account.

5. Link with verification code then open Tuya Smart APP. Under the Tuya APP select "Me" then select the Alexia then link.

Now you can control your Electric Fire appliance using your Amazon smart device.

Examples:

Turning on the Appliance – "Alexia turn on Kalora Electric Fireplace"

Turning off the Appliance – "Alexia turn off Kalora Electric Fireplace"

NOTE: You can change the name of the appliance in Tuya, every time you change the appliance's name on the Tuya Smart APP, Echo must re-discover before you can control the appliance.

CONNECTING TO GOOGLE HOME:

1. Ensure the Google Home App and Google smart device (e.g Google Nest etc) are installed and operating. If not follow Google's Home set up guides.

   NOTE: that you can only use one Google account to control "Home Control Action"

2. On the homepage of the Google Home App select the "+" then select "Set Up Device", then select "Works With Google".

3. Under "Set Up Devices" search and select "Tuya Smart", read prompt then select "Continue", finally select "Agree and Link" and return back to the home page.

4. Now you can control your Kalora Electric Fire appliance using your Google smart device.

Examples:

Turning on the Appliance – "OK Google turn on Kalora Electric Fireplace"

Turning off the Appliance – "OK Google turn off Kalora Electric Fireplace"
